CERTIFICATE

Rain Water Harvesting

This certifies that Yogi Vemana University demonstrates dedication to environmental sustainability through its implementation of rainwater harvesting (RWH) systems.

- Preserving Resources: Yogi Vemana University responsibly captures and utilizes rainwater, reducing dependence on freshwater resources and minimizing environmental impact. (Image of rainwater flowing into a collection tank)
- Sustainable Campus: Integrated RWH systems contribute to a greener campus environment, promoting water conservation and responsible resource management. (Image of a lush campus landscape supported by rainwater)
- Future-Oriented Approach: By embracing RWH, Yogi Vemana University proactively adapts to changing environmental conditions and paves the way for a more sustainable future. (Image of students learning about RWH and its benefits)

Yogi Vemana University's commitment to rain water harvesting serves as an inspiration for others to adopt sustainable practices and contribute to a healthier planet.
