Annual Report of the University Examinations - 2020-2021

Conduct of examinations is a crucial activity which reflects the image of the university. University, over the years, is striving hard for an efficient and fool-proof mechanism for the conduct of examinations by following semester system for PG courses and annual scheme for UG courses. Bar coded examinee specific answer sheets with name, hall-ticket number, paper title and date of examination, are issued to the candidates to curb malpractices. Observers cum Squad members are deployed to ensure the smooth and fair conduct of the examination. Various phases of conducting examinations such as enrolment, downloading of nominal rolls and hall tickets have been made online. It is a matter to be placed on record that the results of YVUCET-2020 have been released in less than 48 hours. However, due to Covid-19 pandemic, in order to avoid dislocation of academic schedules and on the interest of future of the students, University meticulously planned and rescheduled the examination. University conducts programme wise examinations during the months October/November 2020 for odd semesters and March/April 2021 for even semesters. The question papers for all examinations were set by BOS approved External Subject Expert examiners from other Universities. The examinations were conducted as per the examination timetable prepared by the Controller of Examinations, with the consent of the Principal, Yogi Vemana University College.

The university adapts spot valuation system and follows double valuation pattern for PG courses. After the completion of the valuation, the results were announced with due approval from respective Deans. Results will be published on University website and hard copies will be sent to concerned departments to ensure transparency. If any student has complaint about the evaluation, the same may be submitted to the Controller of Examinations within fifteen days. The revaluation scripts if any, will be sent to external examiner for evaluation.

Adjudication of Ph.D. theses is carried out as per the recommendations of University Research Committee and the panel of adjudicators consists of examiners from within and outside the state.
